

## Single Premium Plan

In this kind of child Plans , the insured (parent) pays a lump sum amount as a single premium for the entire term of the plan

## Child ULIPS

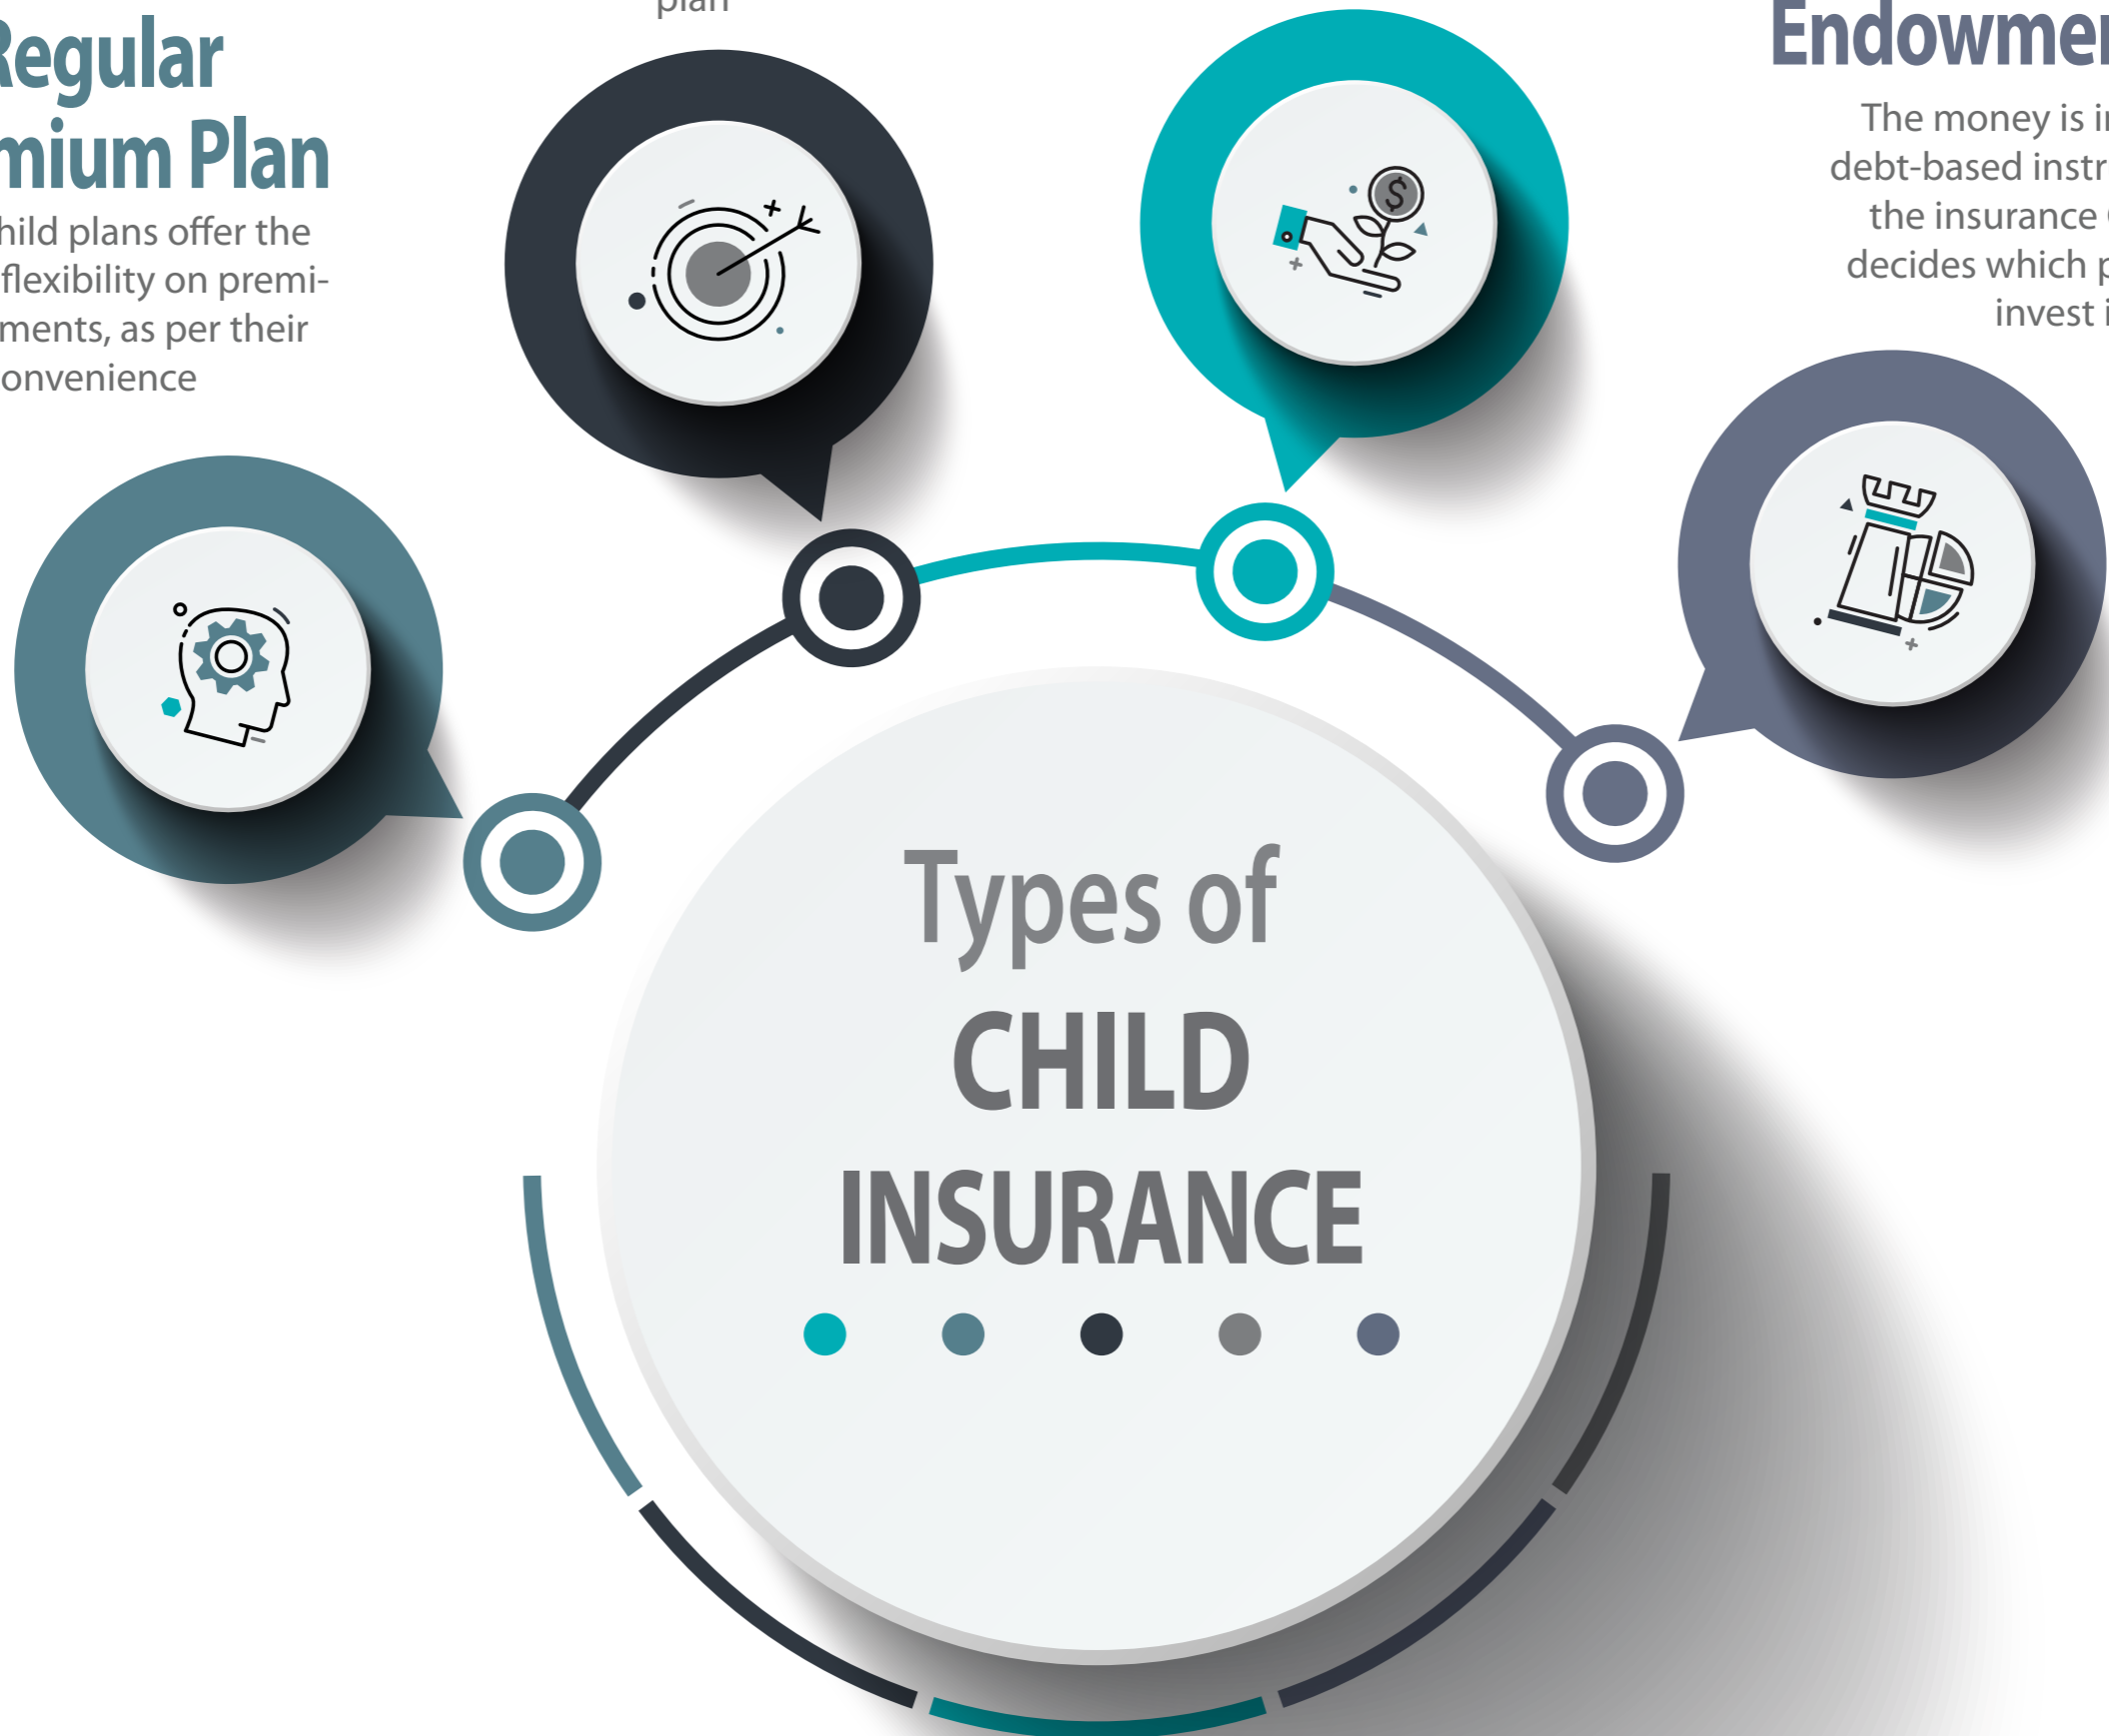

ULIPs (Unit Linked Plans) divide the premium received between debt and equity based investments for maximum returns

## Child Endowment Plans

The money is invested in debt-based instruments and the insurance Company decides which products to invest in.

## Regular Premium Plan

These child plans offer the buyers a flexibility on premium payments, as per their convenience
