

Endowment Plans

These are typical and traditional insurance products which come with life cover but with very low profits.

Mutual Funds

Often revered as cost-efficient and highly diversified, mutual funds or systematic investment plans (SIPs) allow investors to invest as little as Rs. 1000 in a month.

Unit Linked Policies (ULIPs)

Help you to invest in a variety of funds, including equity, debt, & hybrid, according to your risk appetite and financial goals

Traditional Plans

Helps meet your life protection requirements and keeps your money invested in low risk return options

Bank Deposits

Bank Deposits are the safest means of securing one's extra income. The returns offered are low yet stable.
